PROFILE

Software developer with a demonstrated history of working in the Web Development and Hybrid industry.

Skilled in Nodejs, AngularJs, Angular, ReactJs, NextJs, NestJs, Ionic , React Native, Html, Css, js, Python, and

Management. Working on high-end projects and lately in projects in Web 3. Strong operations professional with

a Master of Science (MSc) focused on Intelligent Management of Renewable Energy Systems from ΤΕΙ Στερέας

Ελλάδας.

I love to code and I love building things. While complex engineering problems are often intrinsically fun to tackle, I'm most attracted to solving real customer problems with a business justification.
